Cash position

The 30 June 2016 Appendix 4C represents the first full quarter where the results of ALG have been consolidated. Operating cash flows for the consolidated entity for the quarter was \$0.36m.

As at 30 June 2016, the Company had cash of \$8.8m.

During the quarter, the Company settled the working capital adjustment due to the vendors of ALG in the amount of \$0.8m. A deferred consideration payment of not less than \$3.5m remains due to the vendors of ALG in November 2016.

ALG performance

Acquired by the Company in March 2016, Australian Learning Group Pty Limited (**ALG**) is a national provider of accredited vocational education with a focus on the international student market.

ALG offers certificate and diploma level courses in Fitness, Sport and Recreation Management, Massage Therapy and Dance Teaching and has campuses in Sydney, Melbourne, Brisbane and Perth.

International enrolments

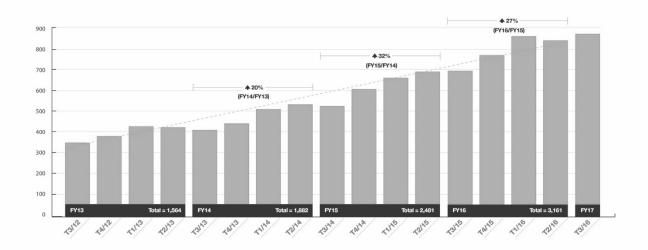

International enrolments continued to perform well with Q4, FY16 enrolments of 837, up 20.6% on the PCP.

FY16 full year enrolments were 3,161, up 27.4% on the PCP.

Q1, FY17 international enrolments are estimated at 870, which will be up 24.8% on the PCP.

The rollout of existing courses across all campuses is continuing, with Massage Therapy courses now offered at all campuses and Dance Teaching courses offered in Sydney and Melbourne. ALG is investing in developing new courses which will be introduced during calendar 2017.

International enrolments account for in excess of 80% of ALG's total revenue.

Domestic enrolments

Q4, FY16 domestic Fitness enrolments were encouraging, with FY16 full year enrolments up 12.7% on the PCP to 391. This is particularly pleasing as enrolments have now recovered to FY14 levels prior to intense competition from VET FEE-HELP providers.

Domestic Massage Therapy enrolments continued to decline in Q4, FY16 in the face of structural changes which have allowed VET FEE-HELP providers into the market and impacted the attractiveness of the distance education format. FY16 full year enrolments were down 32% on the PCP to 680.

Growth initiatives

The Company intends to continue to invest in growth initiatives and building a platform to scale up the business. This may impact earnings in the short term as the payback on such investment may not be immediate.

As noted above, ALG is investing in developing new courses which will be introduced during calendar 2017.

Planning work has commenced on the procurement and implementation of a new student management system, which is expected to improve operational efficiency and offer enhanced functionality to students, agents and staff. It is anticipated to be implemented during H1, FY17. This is an investment which may impact earnings in the short term but should offer significant productivity improvements once fully implemented. In addition, the new student management system is considered a key piece of infrastructure that will enable the Company to extract efficiencies as it adds scale by acquisition.

On 7 July 2016, the Company announced the appointment of Lyndon Catzel to the role of Chief Financial Officer and Company Secretary. Lyndon's skills are well suited to support the Company's strategy of acquiring and integrating businesses in the education sector.

The Company is actively pursuing acquisition opportunities in line with its stated strategy.
