CHAIRMAN'S LETTER

Dear RedHill Shareholder

On behalf of the Directors of UCW, I am pleased to present to you this Bidder's Statement which details UCW's offer (Offer) to acquire all of your shares in RedHill.

Based on closing prices immediately prior to the announcement of the Offer you will receive 4.5 shares in UCW for every 1 RedHill share you hold, which implies a value of \$0.79 for each RedHill share.

RedHill's two largest institutional shareholders have entered into pre-bid acceptance agreements for 19.9%, in aggregate, of RedHill's shares. We view this as a strong endorsement of the Offer and its potential to create long-term shareholder value.

KEY REASONS TO ACCEPT THE OFFER

1. The implied offer value represents a premium of:
 - 14.5% premium to RedHill's 30 day VWAP;
 - 31.3% premium to RedHill's capital raise price completed in July 2020; and
 - 2.9% premium to RedHill's last closing price.
2. The Offer provides RedHill shareholders with majority ownership (66%) of the Combined Group.
3. Benefit from cost and revenue synergies not available to either entity on a stand-alone basis.
4. Potential to obtain scrip-for-scrip Capital Gains Tax rollover relief.

Strong strategic rationale for the Offer

The Offer represents a transformational opportunity to bring together two high-quality and complementary ASX-listed tertiary education groups.

In the short-term, the combination aims to preserve shareholder value for both RedHill and UCW shareholders, through providing access to cost-savings not available to either entity on a stand-alone basis. The scale benefits should allow the Combined Group to take advantage of the tailwinds in the domestic student market, and to benefit from the recovery of the international student market, once the Australian international border re-opens and market conditions stabilise.

With a larger and more diversified revenue and earnings base; strengthened balance sheet; broader course offering, wider student recruitment network, increased target market and more diversified student population; a national campus presence; a shareholder-aligned board and management team; and increased scale and market relevance, the Combined Group should be well positioned to take advantage of revenue synergies and to leverage what I see as a compelling opportunity to create a truly leading Australian listed tertiary education group.

The Australian education sector is significant, growing and has experienced a structural shift towards private providers, which has benefitted both RedHill and UCW. Almost 6 million students studied in the vocational and higher education sectors in 2019, generating sector revenue of \$9.7b¹ and \$34.8b², respectively. Australia commands a leading position in the international student market, being the 3rd most popular study destination globally with reputation and quality of teaching being the top factors cited for students deciding to study in Australia. International education is Australia's largest service export generating revenue of approximately \$37.5b³. We envision the Combined Group actively participating in the ongoing growth of the sector, through organic growth initiatives and value-enhancing acquisitions.

CHAIRMAN'S LETTER

While currently smaller in market capitalisation, noting the gap has narrowed considerably over the last 12 months, UCW recorded a stronger FY20 financial performance than RedHill, with revenue growth of 16% to \$25 million and net profit before impairment of \$1.6 million⁴, compared to RedHill's \$0.9 million⁵ net profit before impairment.

The businesses share a common philosophy and are both positioned as high-quality education providers. Maintaining a core focus on student satisfaction and outcomes is important to the long-term success of an education business, a view I believe is shared by the boards and management of RedHill and UCW.

UCW has taken a pragmatic approach to this transaction. The exchange ratio provides RedHill shareholders with an effective premium of 14.5% to the 30 day VWAP, while also delivering RedHill shareholders 66% of the Combined Group. The transaction is not about UCW commanding control.

To this end, subject to the transaction completing, David Buckingham has agreed to act as the Independent Non-Executive Chair for the Combined Group. David's roles as Chief Executive Officer and Chief Financial Officer at formerly ASX-listed Navitas Limited and iiNet Limited, will stand us in good stead as we embark on building the Combined Group into the leading listed tertiary education group in Australia. I intend to remain on the board as a Non-Executive Director, and we intend to invite Stephen Heath from RedHill to join the UCW Board as a Non-Executive Director, providing continuity in governance for the Combined Group.

Both businesses have capable and experienced management and staff, and I am confident that together they will become a formidable team. In this regard, we intend to invite RedHill's current Chief Executive Officer, Glenn Elith, to join the Combined Group's executive management team.

As noted, RedHill's two largest institutional shareholders have entered into pre-bid acceptance agreements for 19.9%, in aggregate, of RedHill's shares and I trust that you too will see the many benefits that this transaction will deliver.

Conditions and Risks

The Offer is subject to a number of conditions that are set out in the Bidder's Statement, including that UCW receives at least 90% ownership in RedHill. At the date of this Bidder's Statement, UCW currently does not own any shares in RedHill, but has a relevant interest of 19.9%, as a result of the pre-bid acceptance agreements referred to above.

Accepting the Offer and becoming a shareholder in UCW is not without risk, although the risks are similar to the risks from holding RedHill Shares. These risks include operational risk, regulatory risk, market risk, key personnel risk, and financial risk. RedHill shareholders are presently exposed to many of these risks through their investment in RedHill.

How to accept

To accept the Offer, please follow the instructions in Section 8.6 of this Bidder's Statement. The Offer is open for acceptance until 5:00 pm (Sydney time) on 29 January 2021, unless extended or withdrawn in accordance with the requirements of the Corporations Act.

More information

It is important that you read the information contained in this Bidder's Statement ahead of deciding how to respond to the Offer. You may wish to consult with a qualified investment adviser for assistance.

For the reasons outline above, and detailed in the Bidder's Statement, I strongly encourage you to accept this offer.

⁴ UCW FY20 NPAT, adjusted for impairment of 24.57% investment in Gradability Pty Ltd to \$nil (\$6.1m).

⁵ RedHill FY20 NPAT, adjusted for impairment: goodwill (\$6.1m), right-of-use assets (\$8.2m), copyright intangibles (\$0.2m), property, plant and equipment (\$2.7m); onerous contract associated with surplus campus space after tax (\$0.5m); and write-off of deferred taxes (\$2.8m).

CHAIRMAN'S LETTER

On behalf of the UCW Board, we look forward to welcoming you as an UCW Shareholder on our journey towards becoming the leading listed tertiary education group in Australia.

Yours sincerely

REASONS TO ACCEPT THE OFFER

1. REASONS TO ACCEPT THE OFFER

1.1 Transformational opportunity to bring together two high-quality complementary education businesses

Combining UCW and RedHill is a transformational opportunity to bring together two high-quality complementary education businesses. In so doing, it will create a larger, stronger group with a broader offering and a wider reach.

There are meaningful cost and revenue synergies, not available to either entity on a stand-alone basis, which will both preserve value and position the Combined Group to take advantage of the tailwinds in the domestic education market and participate in the expected recovery of the international student market.

The Combined Group will be well positioned to build on its vision of becoming the leading listed tertiary education group in Australia through a combination of organic growth and corporate activity.

The Combined Group will have a broader range of complementary offers, and courses in attractive fields of study across the tertiary student lifecycle: student recruitment, English Language Intensive Courses for Overseas Students (ELICOS), Vocational Education and Training (VET) and Higher Education (HE). Students will have access to enhanced study pathways while remaining within the Combined Group.

Both UCW and RedHill have targeted sectors with strong underlying growth thematics, underpinned by employment demand; UCW on Health and Community Services and RedHill on Technology, Design and Management. Significant opportunities exist for further product development and acquisitive growth within these fields of study, as well as within other verticals.

The Combined Group's portfolio of brands will include Australian Learning Group, 4Life College, Australian College of Sport and Fitness, Ikon Institute of Australia, Go Study, Greenwich English and Greenwich Management Colleges, International School of Colour & Design, The Left Bank, Academy of Information Technology and Coder Academy.

The Combined Group will have a national presence across 15 campus locations located in 5 major Australian cities in Sydney (7 campuses), Melbourne (3 campuses), Brisbane (2 campuses), Perth (2 campuses) and Adelaide (1 campus). There exists opportunity to co-locate and rationalise the campus footprint, whilst also expanding RedHill's offer to locations where UCW already has a presence.

UCW and RedHill both have diversified international student populations and the combination further reduces reliance on any individual source country.

The combination of UCW and RedHill results in a larger and wider student recruitment network. Through its broader course offering and enhanced study pathways, the Combined Group can better leverage this network, including through bundling and cross-selling within and across brands and the student lifecycle. This should enable retention of students within the Combined Group and extended average study duration (customer lifetime value).

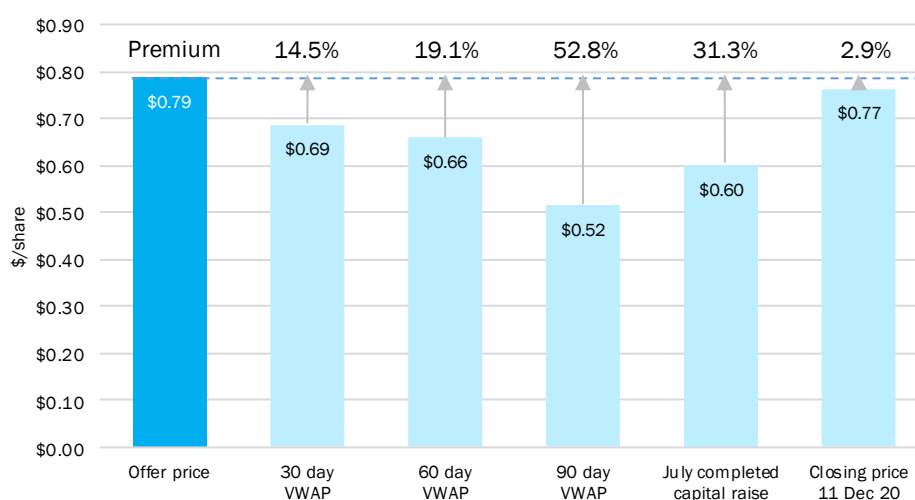

REASONS TO ACCEPT THE OFFER

1.2 Receive a premium for your RedHill Shares and majority ownership of the Combined Group

The Offer comprises a scrip-for-scrip offer to acquire each of your ordinary shares in RedHill in exchange for 4.5 fully paid ordinary shares in UCW.

The Offer implies a value of \$0.79⁶ per RedHill Share representing:

- 14.5% premium to RedHill's 30 day VWAP⁷;
- 31.3% premium to RedHill's most recent capital raise completed in July 2020⁸; and
- 2.9% premium to RedHill's last closing price⁹.

RedHill shareholders will own 66% of the Combined Group based on the Offer.

1.3 Enhanced exposure to the large and evolving education sector through a growth-oriented operator

The Offer provides an opportunity for both RedHill and UCW shareholders to continue to participate in the ongoing growth and consolidation opportunities that exist within the Australian education sector, through an entity with increased scale.

UCW's vision for the Combined Group is to become the leading listed tertiary education group in Australia. UCW's strategy is based on four key pillars: ongoing product development; the pursuit of operational excellence; a commitment to quality; and growth through consolidation.

UCW has a successful track-record in executing acquisitions, having completed four transactions in the past five years, and has identified a number of further strategic acquisition opportunities which could be pursued over the medium term.

⁶ Based on the value of each UCW share of \$0.175, being the closing price on 11 December 2020, the last trading day prior to the date of this Bidder's Statement.

⁷ 30 day VWAP of \$0.688 per share calculated for the period up to and including 11 December 2020, the last trading day prior to the date of this Bidder's Statement. VWAP is calculated based on the cumulative value traded on the ASX divided by cumulative volume traded on the ASX.

⁸ Offer premium relative to the RedHill recent capital raise price of \$0.60, completed in July 2020.

⁹ Based on the value each RedHill share of \$0.765, being the closing price on 11 December 2020, the last trading day prior to the date of this Bidder's Statement.

REASONS TO ACCEPT THE OFFER

1.4 Share in immediate and longer term cost and revenue synergies

The combination will provide access to immediate and longer term cost and revenue synergies to the benefit of both RedHill and UCW shareholders.

UCW's analysis and review of publicly available information on RedHill has led it to believe that it could target aggregate pre-tax cost synergies of approximately A\$3 million over the next 3 years.

Cost synergy categories to be targeted include:

- Corporate costs: removal of cost duplication such as board fees, head office expenses, listing costs and audit fees;
- Selling, general and administration: removal of cost duplication such as professional and consulting fees, administration costs, general business costs and sales and marketing expenditure;
- Employee expenses: review of organisational structure with potential opportunity to integrate certain operational functions; and
- Property costs: improved utilisation through potential co-location, improved lease terms and exiting of surplus property.

The quantum and timing of the potential cost synergies is currently unknown and will depend on the outcome of an operational review of RedHill, following successful completion of the Offer. At this stage, UCW does not have sufficient information to develop a more detailed plan to deliver cost synergies and has not discussed its analysis of potential synergies with RedHill management.

In addition to cost synergies, UCW expects to derive meaningful revenue synergies over time including through:

- Better leveraging the Combined Group's wider student recruitment network through its broader course offering;
- Extending average study duration (customer lifetime value) through bundling and cross-selling within and across brands and the student lifecycle within the Combined Group;
- Expediting product development through shared knowledge and resources;
- Building greater market awareness; and
- Expanding RedHill's course offer into UCW's broader national campus footprint, including in Adelaide, Brisbane and Perth.

1.5 Greater scale, balance sheet strength and market relevance

The Combined Group will have a larger and more diversified revenue and earnings base and with \$26m¹⁰ of net cash, should be well positioned to withstand the current trading conditions and to pursue further growth opportunities.

On a pro-forma FY20 pre-synergies basis, the Combined Group will have:

- Revenue of \$89.7m;

¹⁰ Based on UCW's cash of \$8.7m and \$4.2m debt (excluding lease liabilities) as at 30 September 2020 per UCW Market Update announcement on 2 November 2020 and the midpoint of RedHill's expected cash balance of \$21m to \$22m at 31 December 2020 as per 2020 AGM on 19 November 2020 and \$nil debt (excluding lease liabilities) per FY20 Annual Report.

REASONS TO ACCEPT THE OFFER

- EBITDA of \$17.1m¹¹;
- EBIT of \$6.6m¹²; and
- NPAT of \$2.4m¹³.

The Combined Group's increased scale, diversification and financial strength is anticipated to translate to increased market relevance, liquidity and access to capital markets, all of which will be of direct benefit in the implementation of its growth strategy and achievement of its vision.

1.6 Experienced and shareholder-aligned leadership team

The Combined Group's board and management team have a successful track record in the education sector across multiple listed and unlisted education businesses, including UCW.

They will together hold a 16.9%¹⁴ interest in the Combined Group (compared to RedHill's current board and management who hold a 1.5%¹⁵ interest in RedHill), thereby reinforcing strong alignment with shareholders.

UCW's board and management have delivered strong enrolment growth and operating performance, and execution of four acquisitions over the past five years.

There exists significant opportunity for long-term shareholder value creation through ongoing participation in the consolidation of the private tertiary education market, coupled with continued organic growth.

1.7 RedHill Shareholders expected to be eligible for Capital Gains Tax rollover relief

If, as the result of the Offer, UCW becomes the holder of 80% or more of RedHill Shares on issue, Australian-resident RedHill Shareholders may be entitled to scrip-for-scrip CGT rollover relief in respect of the consideration referable to UCW Shares. Such roll-over relief, if available, allows you to disregard any capital gain that would otherwise arise for Australian income tax purposes in respect of the disposal of your RedHill Shares under the Offer. See section 7.2 for further information in relation to CGT considerations.

Given the complexity of the provisions governing rollover relief and the various qualifying conditions that need to be satisfied, RedHill Shareholders should seek independent taxation advice regarding their particular circumstances.

PROFILE OF UCW

4. PROFILE OF UCW

4.1 Overview

UCW is an ASX-listed Australian based company that owns and operates tertiary education businesses, with a current focus on Health and Community Services fields of study.

UCW's aim is to become the leading listed tertiary education group. Its strategy is to foster and support growth in its existing businesses, through initiatives such as course, campus and delivery-mode expansion, while concurrently pursuing complementary acquisition opportunities.

UCW's board includes Directors with extensive experience in for-profit education.

UCW currently has two wholly owned subsidiaries:

- Australian Learning Group Pty Limited (ALG) - acquired 24 March 2016; and
- Proteus Technologies Pty Ltd trading as Ikon Institute of Australia (Ikon) - acquired 4 July 2018.

ALG is a vocational education and training (VET) provider that is primarily focused on the international student market. The business operates from campuses in Sydney, Melbourne, Brisbane and Perth.

Ikon is both a VET and higher education (HE) provider, with a primarily focus on higher education and the domestic student market. Ikon operates nationally, including in Adelaide where its head office is based.

In addition to its wholly-owned subsidiaries, and outside of its current Health and Community Services focus, UCW owns 24.57% of ordinary shares in Gradability Pty Ltd (Gradability) (acquired 11 July 2017), one of the leading providers of the Professional Year Program (PYP). The PYP is a work-readiness program for international student graduates in information technology, accounting and engineering, that includes an internship in an Australian workplace.

Further information on UCW's operations is provided below.

4.2 UCW operations

a. Australian Learning Group Pty Limited (ALG)

ALG's international students are recruited primarily through education agents, both onshore in Australia and offshore in source countries. ALG has over 300 active education agents and students currently studying from more than 75 source countries.

PROFILE OF UCW

All courses are structured to facilitate rolling intakes, to allow students to commence any course (subject to satisfaction of entry requirements) in any term, with a simultaneous timetable offered in each state. ALG operates four 10-week academic terms per annum.

ALG also has a small self-paced, distance-education offering. Currently only its Fitness courses are offered in this delivery mode. Students are sourced via direct marketing, primarily online.

ALG recorded continued strong growth in international student enrolments for the financial year ended 30 June 2020. Enrolments for the period, being the sum of enrolments in the four academic terms during the financial year, were 9,012, up 29.0% compared to the previous corresponding period (PCP). This growth was largely attributable to ALG's Community Services course offering, which represented 48.5% of FY20 enrolments, compared to 36.3% for the prior period.

ALG generated FY20 revenue of \$19.1m, an increase of 26.1% on PCP. International revenue increased 32.4% to \$18.0m (comprising 94.3% of total revenue), reflecting the 28.0% increase in student numbers, selective price increases, and a greater contribution from higher fee courses, partly offset by fee discounts and waivers in 4Q20, to assist students affected by the impact of COVID-19.

ALG reported EBITDA of \$5.3m (pre AASB 16: \$3.1m) for the year ended 30 June 2020, up 182% on PCP (pre AASB 16). Notwithstanding the strong results, margins and margin growth were dampened by a higher cost base associated with earlier organic growth initiatives, including the expansion of the Brisbane campus, an additional campus in the Sydney CBD and investments made in new academic, compliance and student services roles. These cost increases were partly offset in 4Q20 by government and other relief programs, rent relief, and the transition to online course delivery, associated with COVID-19 mitigation measures.

ALG continues to explore a number of additional course expansion initiatives and will continue to invest in compliance and its academic quality, alongside growth initiatives to scale-up the business.

b. Ikon Institute (Ikon)

Established in Adelaide in 2005, Ikon is both a higher education and vocational provider. It is an approved FEE-HELP provider, a government program enabling students to fund their tuition via a loan from the Australian government. Ikon is also registered to offer courses to international students.

Ikon's primary focus is delivering its higher education (HE) courses to domestic students. Its current HE courses include a Bachelor of Counselling and Psychotherapy and a Bachelor of Arts Therapy, each of which have a nested diploma and associate degree.

Ikon has a national presence with campuses in Sydney, Melbourne, Brisbane, Perth and Adelaide, where its head office is based.

PROFILE OF UCW

Ikon generated revenue of \$6.5m and EBITDA of \$2.0m (pre AASB 16: \$1.6m) for the reported period, with approximately 89% of its revenue derived from its higher education offering.

During the year, Ikon gained accreditation of a new degree program, a Bachelor of Early Childhood Education and nested diploma; its first new program accreditation since being acquired by UCW in 2018. Ikon intends to launch the program at the beginning of the 2021 academic year.

INTENTIONS OF UCW

5. INTENTIONS OF UCW

UCW's aim is to become the leading ASX-listed tertiary education group. The combination of UCW and RedHill is a meaningful step on the path to achievement of this objective.

UCW's strategy is to foster and support growth in its existing businesses, through initiatives such as course, campus and delivery-mode expansion, while concurrently pursuing complementary acquisition opportunities.

Post completion of the transaction, UCW intends to conduct a review of RedHill's operations and strategy in order to identify opportunities to enhance the performance of the Combined Group.

5.1 Rationale & strategy

Combining UCW and RedHill is a transformational opportunity that will bring together two high-quality complementary education businesses. In so doing, it will create a larger, stronger group with a broader offering and a wider reach.

There are meaningful cost and revenue synergies, not available to either entity on a stand-alone basis, which will both preserve value and position the Combined Group to take advantage of the tailwinds in the domestic education market and to participate in the expected recovery of the international student market.

The Combined Group will be well positioned to build on its vision of becoming the leading listed tertiary education group in Australia through a combination of organic and corporate activity.

The Combined Group will have a broader range of complementary offers, and courses in attractive fields of study across the tertiary student lifecycle: student recruitment, English Language Intensive Courses for Overseas Students, Vocational Education and Training and Higher Education. Students will have access to enhanced study pathways while remaining within the Combined Group.

Both UCW and RedHill have targeted sectors with strong underlying growth thematics, underpinned by employment demand; UCW on Health and Community Services and RedHill on Technology, Design and Management. Significant opportunities exist for further product development and acquisitive growth within these fields of study, as well as within other verticals.

The Combined Group's portfolio of brands will include Australian Learning Group, 4Life College, Australian College of Sport and Fitness, Ikon Institute of Australia, Go Study, Greenwich English and Greenwich Management Colleges, International School of Colour & Design, The Left Bank, Academy of Information Technology and Coder Academy.

The Combined Group will have a national presence across 15 campus locations located in 5 major Australian cities in Sydney (7 campuses), Melbourne (3 campuses), Brisbane (2 campuses), Perth (2 campuses) and Adelaide (1 campus). There exists opportunity to co-locate and rationalise the campus footprint, whilst also expanding RedHill's offer to locations where UCW already has a presence.

UCW and RedHill both have diversified international student populations and the combination further reduces reliance on any individual source country.

The combination of UCW and RedHill results in a larger and wider student recruitment network. Through its broader course offering and enhanced study pathways, the Combined Group can better leverage this network, including through bundling and cross-selling within and across brands and the student lifecycle. This will enable retention of students within the Combined Group and extended average study duration (customer lifetime value).

5.2 Post-takeover intentions

UCW's present intentions with respect to the assets and activities of RedHill are based on facts and circumstances currently known to UCW, and the existing circumstances affecting RedHill. If additional material facts or circumstances are discovered or occur in relation to UCW or RedHill, the statements in this section may change.

INTENTIONS OF UCW

Final decisions will only be reached by UCW in the light of all material information, facts and circumstances necessary to assess the operational, commercial, taxation and financial implications of such decisions at the relevant time. Accordingly, the statements set out in this section are statements of UCW's current intentions and may vary as new information becomes available or circumstances change. In particular, these intentions must be subject to the overriding obligation of the board of the Combined Group, as constituted from time to time, to act in the best interests of the Combined Group.

5.3 Intentions upon acquisition of 90% or more of RedHill

If UCW acquires a Relevant Interest in at least 90% of the RedHill Shares on issue at the end of the Offer Period and becomes entitled to compulsorily acquire any remaining RedHill Shares under the provisions of Part 6A.1 of the Corporations Act it intends to:

- a. exercise those rights to acquire all remaining RedHill Shares; and
- b. maintain RedHill as a wholly owned subsidiary.

5.4 Intentions upon gaining control but acquiring less than 90% of RedHill

Currently UCW intends to proceed with the Offer only if it acquires more than 90% of the Shares in RedHill.

UCW's ability to fully integrate RedHill's business with its own business will be restricted if it acquires less than 100% of RedHill Shares. For this reason, the Offer has been made conditional on UCW acquiring a Relevant Interest in at least 90% of RedHill Shares (90% Minimum Acceptance Condition).

However, if circumstances change such that UCW drops the 90% Minimum Acceptance Condition and accordingly obtains "control" of RedHill, but less than 100% ownership of RedHill it intends to:

- a. undertake a review of the RedHill Board to determine optimal future performance;
- b. seek to increase its Relevant Interests in RedHill over time in accordance with the requirements of Chapter 6 of the Corporations Act; and
- c. otherwise seek to implement, to the extent possible and appropriate, the intentions described in Section 5.5 below.

UCW would only make a decision on these courses of action after receipt of legal, taxation and financial advice, and UCW's intentions must be read as being subject to the legal obligation of the RedHill board of Directors to have regard to the best interests of RedHill and all RedHill Shareholders. UCW's ability to implement its decisions would also be subject to its obligations and the obligations of RedHill to comply with the applicable provisions of the Corporations Act.

5.5 Intentions upon acquisition of 100% of RedHill

a. Operational review

As soon as practicable after achieving 100% ownership of RedHill, UCW intends to conduct a review of RedHill's operations and strategy in order to identify opportunities to enhance the performance of the Combined Group.

b. Specific operational intentions

Subject to the outcome of the operational review above, UCW currently intends to:

- i. Remove duplicated head-office costs;
- ii. Pursue co-location and sharing of premises; and
- iii. Commence integration of certain shared service and operational functions.

INTENTIONS OF UCW

c. Employees

UCW intends to maintain the employment of the majority of existing RedHill employees on completion of the Offer, subject to the results of its operational review of RedHill's business and any post acquisition plan developed by the UCW Board.

d. Utilisation of assets

Other than leases, UCW does not anticipate any material changes to utilisation of RedHill's assets following completion of the Offer.

5.6 Business, assets and employees

Subject to the operational review to be undertaken by UCW above, and except as set out in this Section 5.6, it is intended that UCW will:

- a. continue the business of RedHill;
- b. not make any major changes to the business of RedHill;
- c. not substantially redeploy the fixed assets of RedHill; and
- d. maintain the employment of the majority of RedHill's existing employees.

CONSIDERATION

6. CONSIDERATION

6.1 Issue of UCW Shares

The consideration for the acquisition of all RedHill Shares under the Offer is to be satisfied wholly by the issue of new fully paid UCW Shares.

6.2 RedHill Shares consideration

Based on the number of RedHill Shares on issue at the date of this Bidder's Statement, the maximum number of UCW Shares that would be required to settle acceptances under the Offer is:

Acceptance scenario: 90%

- a. 211,680,673 UCW Shares

Acceptance scenario: 100%

- b. 235,200,747 UCW Shares

(subject to rounding of entitlements)

6.3 UCW Shareholder approval

UCW has received ASX confirmation that it requires UCW Shareholder approval under ASX Listing Rule 7.1 to issue UCW Shares as Offer Consideration.

On, or shortly after the date of this Bidder's Statement, UCW will call a meeting of UCW Shareholders to ask them to consider a resolution under ASX Listing Rule 7.1 authorising UCW to issue the Offer Consideration. The proposed meeting of UCW Shareholders will be held before the Offer closes. UCW expects that the relevant resolution will be passed.

6.4 Provision of Offer Consideration

Subject to fulfilment or waiver of the Conditions of the Offer, UCW is of the opinion that it has a reasonable basis for holding the view, and holds the view, that UCW will be able to provide the Offer Consideration.

6.5 Expected impact on UCW's capital structure

The expected impact of the issuance of the Offer Consideration (assuming that UCW successfully completes the Offer) on UCW's capital structure is as follows:

	On issue (as at the date of this Bidder's Statement)	To be issued on completion of Takeover Bid	On issue on completion of Takeover Bid
UCW Shares	117,514,448	235,200,747	352,715,195 ¹⁷
Other Securities	6,000,000	Nil	6,000,000 ¹⁸

¹⁷ Assuming vesting of UCW performance rights under change of control provisions, the amount of UCW Shares on issue on completion of the Offer, would be 357,915,195.

¹⁸ Assuming vesting of UCW performance rights under change of control provisions, the amount of UCW Other Securities on issue on completion of the Offer, would be 800,000.

TAXATION CONSIDERATIONS FOR REDHILL SHAREHOLDERS

7. TAXATION CONSIDERATIONS FOR REDHILL SHAREHOLDERS

7.1 General

The following is a general description of the Australian income and capital gains tax (CGT) consequences that may arise for certain RedHill Shareholders on disposal of their RedHill Shares (through acceptance of the Offer) in return for UCW Shares. The Australian taxation consequences for RedHill Shareholders will depend on their individual circumstances. RedHill Shareholders should make their own enquiries and seek independent professional advice on their circumstances. The information below is relevant only to those RedHill Shareholders who hold their RedHill Shares on capital account for the purpose of investment and who do not (or would not) hold those securities on revenue account. These comments relate to RedHill Shares only and not to options or other rights held over RedHill Shares. Certain RedHill Shareholders (such as those engaged in a business of trading or investment, those who acquired their RedHill Shares for the purpose of resale at a profit or those which are banks, insurance companies, tax exempt organisations or superannuation funds) will or may be subject to special or different tax consequences particular to their circumstances. RedHill Shareholders should obtain their own Australian tax advice specific to their own relevant circumstances.

RedHill Shareholders who are not resident in Australia for tax purposes should also take into account the tax consequences under the laws of their country of residence, as well as under Australian law, on the disposal of RedHill Shares under the Offer.

7.2 Capital Gains Tax on disposal of RedHill Shares

Acceptance of the Offer will involve the disposal by you of your RedHill Shares for Australian Capital Gains Tax (CGT) purposes. The disposal of RedHill Shares that are held on capital account will generally have CGT implications. Such disposal will constitute a CGT event for CGT purposes. The date of disposal for CGT purposes will be the date the contract to dispose of the RedHill Shares is entered into.

If a RedHill Shareholder does not dispose of their RedHill Shares under the Offer and their RedHill Shares are compulsorily acquired in accordance with Part 6A.1 of the Corporations Act, those RedHill Shareholders will also be treated as having disposed of their RedHill Shares for CGT purposes. The date of disposal for CGT purposes will be the date when UCW becomes the owner of the RedHill Shares.

Australian resident RedHill Shareholders may make a capital gain or capital loss on the disposal of their RedHill Shares under the Offer. Capital gains and capital losses of a taxpayer in a year of income are aggregated to determine whether there is a net capital gain. If so, that net capital gain is included in assessable income and is subject to income tax. However, a "CGT discount" may be available to reduce the net capital gain for certain RedHill Shareholders (see further below). Capital losses may not be deducted against other income for income tax purposes, but may be offset against capital gains realised in the same income year or be carried forward to be offset against future capital gains. In general, a capital gain arising on the disposal of a RedHill Share under the Offer will be calculated on the basis of the difference between the capital proceeds of the disposal (i.e. the Offer Consideration received from UCW) and the cost base of the RedHill Share.

A capital loss will be calculated based on the difference between the capital proceeds and the reduced cost base of the RedHill Share. The cost base of RedHill Shares is generally their cost of acquisition. Certain other incidental costs associated with acquisition and disposal, such as brokerage or stamp duty (that are not deductible to the RedHill Shareholder), may be added to the cost base. The cost base or reduced cost base may have been reduced by any "tax deferred" or other non-assessable distributions that you have received in respect of the RedHill Shares. A RedHill Shareholder who is an individual, complying superannuation entity or trustee of a trust, may claim a "CGT discount" if they acquired (or are deemed to have acquired) their RedHill Shares 12 months or more before the time of disposal.

TAXATION CONSIDERATIONS FOR REDHILL SHAREHOLDERS

This means that:

- a. in the case of an individual (and, generally speaking, a trustee of a trust), only one half of their net capital gain on those securities (after deducting available capital losses) would be taxable; and
- b. in the case of a complying superannuation entity, only two-thirds of their net capital gain on those securities (after deducting available capital losses) would be taxable.

However, the methodology for trustees is complex, and such RedHill Shareholders should obtain specific advice in this regard, including in relation to the tax consequences of distributions attributable to discounted capital gains. RedHill Shareholders should note that any available capital losses must be deducted from the gross capital gain before the “CGT discount” is applied.

The “CGT discount” is not available to companies, nor does it apply to RedHill Shares owned (or deemed to be owned) for less than the relevant 12-month period.

7.3 Acceptance of the Offer where Rollover Relief is Available and is Elected

Australian-resident RedHill Shareholders may be entitled to scrip-for-scrip CGT rollover relief in respect of the consideration referable to UCW Shares where the exchange of the shares would otherwise realise an assessable capital gain. Broadly speaking, rollover relief is available to RedHill Shareholders who exchange shares in one company for shares in another company where the transaction is made pursuant to a takeover bid and provided certain qualifying conditions are satisfied.

In broad terms, these qualifying conditions include the requirement that UCW must make an offer to all shareholders in RedHill to acquire their voting shares on substantially the same terms and UCW must become the owner of at least 80% of the voting shares in RedHill because of the Offer. If the qualifying conditions are satisfied and a RedHill Shareholder elects for rollover relief to apply, the rollover relief is generally available. The effect of the rollover relief is that the RedHill Shareholder's total capital gain will be deferred until a disposal of the UCW Shares occurs.

The CGT cost base of the new UCW Shares acquired in the exchange is determined by reasonably attributing to it the CGT cost base of the RedHill Shares for which a rollover was obtained. Further, the RedHill Shareholders will be taken to acquire their UCW Shares at the time they originally acquired their RedHill Shares (for determining any entitlement to a discount on an otherwise assessable capital gain in relation to a subsequent dealing in their new UCW Shares).

Further, rollover relief is not available if RedHill Shareholders realise a capital loss on the disposal of their RedHill Shares. Scrip for scrip rollover relief does not apply automatically and must be elected. The election to utilise scrip-for-scrip rollover relief is evidenced by the manner in which the tax return for the relevant income year is prepared although it may be prudent to keep a written record of that election with your tax records. Given the complexity of the provisions governing rollover relief and the various qualifying conditions that need to be satisfied, RedHill Shareholders should seek independent taxation advice regarding their particular circumstances.

7.4 GST and Stamp Duty

No stamp duty or GST is payable by you on the sale of your RedHill Shares to UCW pursuant to the Offer.

TERMS OF THE OFFER

8. TERMS OF THE OFFER

8.1 The Offer

The Offer commences on 29 December 2020, being the date the first Offer is made, and will remain open for acceptance until 5pm (Sydney time) on 29 January 2021, unless it is withdrawn or extended in accordance with the Corporations Act.

8.4 Transfers during the Offer Period

Any person who, during the Offer Period, is able to give good title to a parcel of RedHill Shares in accordance with section 653B of the Corporations Act, may accept an Offer as if an offer on terms identical with the offer had been made to that person in relation to those RedHill Shares.

8.5 Who may accept

- a. The Offer is being made to each person registered as a holder of RedHill Shares as at 9:00am (Sydney time) on the Record Date.
- b. If at the time the Offer is made to you, or at any time during the Offer Period and before you accept the Offer, another person is, or is entitled to be, registered as the holder of, or is able to give good title to, some or all of your RedHill Shares (Transferred Shares) to which this offer relates, then in accordance with section 653B(1)(a) of the Corporations Act:

An envelope (pre-paid for RedHill Shareholders in Australia) is enclosed for your convenience.

You must observe the requirements on the Acceptance Form and the procedures set out in this Section 8 in order to accept the Offer in respect of your RedHill Shares. Your acceptance of the Offer will be effective only when (subject to UCW's discretion) the properly completed Acceptance Form, together with all other documents required by the instructions (if applicable), have been received at the address specified above.

8.8 UCW's discretion

UCW will determine, at its sole discretion, all questions as to the form of documents, including the validity, eligibility, including time of receipt, and acceptance of RedHill Shares. The determination of UCW in this respect will be final and binding on all parties.

Despite the requirements of the Offer, UCW may at its discretion treat any Acceptance Form received by UCW before the end of the Offer Period as valid or waive any requirement of the Offer, but, subject to section 620 of the Corporations Act, UCW is not obliged to make available to you the consideration to which you become entitled as a result of acceptance of the Offer until any irregularity has been resolved or waived and until you meet all of the requirements for acceptance of the Offer. Where you have satisfied the requirements of acceptance for only some of your RedHill Shares, UCW may in its sole discretion regard that Offer as having been accepted for those RedHill Shares but not the remainder.

8.9 Effect of acceptance

By signing the Acceptance Form and returning it to UCW you will have:

 - i. all of your RedHill Shares are fully paid up;
 - ii. UCW will acquire good title to, and full beneficial ownership of, all of your RedHill Shares free from all mortgages, charges, liens, encumbrances and other interests of third parties of any nature, whether legal or otherwise, and all restrictions on transfer of any nature; and
 - iii. you have full power and capacity to sell and transfer all of your RedHill Shares;

8.10 Payment of consideration

a. When you will receive the Offer Consideration

Subject to Section 8.10(b), if you accept the Offer and both the Conditions of the Offer and of the Takeover Contract are satisfied or waived, UCW will pay to you the consideration to which you are entitled (as set out in Section 8.2) on or before the earlier of:

- i. one month after the later of the date you accept the Offer and the date all of the Conditions to the Takeover Contract have been waived or fulfilled; and
- ii. 21 days after the end of the Offer Period.

b. Acceptance Form requires additional documents

 - A. one month after the Takeover Contract becomes unconditional; or
 - B. 21 days after the end of the Offer Period;
- iii. if that document is given after you accept the Offer and before the end of the Offer Period, while the Offer is no longer subject to a defeating condition UCW will pay you the consideration on or before the earlier of:
 - C. one month after that document is given; or
 - D. 21 days after the end of the Offer Period; or

TERMS OF THE OFFER

- iv. if that document is given after the end of the Offer Period, UCW will provide the consideration to you within 21 days after that document is given. However, if at the time the document is given, the Takeover Contract is still subject to a defeating condition, UCW will provide the consideration to you within 21 days after the Takeover Contract becomes unconditional.

If UCW is not given the Transfer Documents within one month after the end of the Offer Period, UCW may rescind the Takeover Contract as if it had never been formed. In that case UCW will have no liability to you arising out of this Offer or any acceptance of this Offer.

If, at the time you accept the Offer, you are resident in or a resident of a place outside Australia, you will not be entitled to receive any consideration until all requisite authorities or clearances of the Reserve Bank of Australia or the Australian Tax Office have been obtained by UCW.

8.11 Foreign Shareholders

a. Foreign Shareholders

If you are a Foreign Shareholder then despite any other provisions of this Offer, you will only be entitled to receive cash consideration in Australian dollars in accordance with this Section 8.11(a).

If you are a Foreign Shareholder and you accept the Offer, UCW will, unless Section 8.11(c) applies:

- i. arrange for the issue to a nominee approved by ASIC of the number of UCW Shares to be issued in accordance with the Offer to which you and all other Foreign Shareholders would have been entitled but for this Section 8.11(a);
- ii. cause those UCW Shares so issued to be offered for sale within 7 Business Days after the end of the Offer Period in such manner, at such price and on such other terms and conditions as are determined by the nominee; and
- iii. pay to you the amount ascertained in accordance with the formula:

$$\text{NPS} \quad \times \quad \frac{\text{NIS}}{\text{TIS}}$$

where:

NPS is the net proceeds of sale of UCW Shares under Section 8.11(a), being the amount remaining after deducting expenses from the proceeds of sale;

NIS is the number of UCW Shares, which UCW would otherwise be required to issue to you; and

TIS is the total number of UCW Shares issued to the nominee under this Section 8.11(a).

Payment will be made in Australian dollars, or if this is unlawful, the currency of the country of residence of the Foreign Shareholder (as shown in RedHill's register of members) and subject to Section 8.11(b).

Payment will be made by cheque posted to you at your risk by airmail at the address provided on your Acceptance Form. Under no circumstances will interest be paid on your share of the proceeds of this sale, regardless of any delay in remitting these proceeds.

b. Cash Payments – Non-Residents

The placing of any sum to the credit of a non-resident (and the sending of currency out of Australia) is regulated by Australian law and the rules and policies of the Reserve Bank of Australia. These regulations only affect the payment of cash consideration under a takeover offer to residents of a small number of countries. If, however these regulations apply to you, any consideration payable to you will be subject to all requisite authorities and clearances. UCW agrees to make prompt application for any required authority or clearance.

TERMS OF THE OFFER

c. Exception

Section 8.11(a) does not apply to you if your address, as shown in RedHill's register of members, is a place outside Australia and its external territories provided that (in the reasonable discretion of UCW) it is lawful, practical and efficient (having regard to any registration steps that need to be taken in the relevant jurisdiction and the cost of those steps) to offer to you, and for you to receive, the UCW Shares.

8.12 Conditions of the Offer

See Section 9 for the full details of the Conditions of the Offer.

8.13 Variation of the Offer

UCW may at any time, and from time to time, vary the Offer in accordance with the Corporations Act.

8.14 Withdrawal of the Offer

UCW may withdraw the Offer at any time with the written consent of ASIC. ASIC may give consent subject to specified conditions.

If UCW withdraws the Offer, all Takeover Contracts will automatically be void.

8.15 Freeing the Offer of Conditions

UCW may free this Offer, and any Takeover Contract, from all or any of the Conditions in Section 9, either generally or by reference to a particular fact, matter, event, occurrence or circumstance (or class thereof), by giving a notice to RedHill declaring the Offer to be free from the relevant Condition or Conditions specified, in accordance with section 650F of the Corporations Act. This notice will be given not less than seven days before the end of the Offer Period.

If, at the end of the Offer Period, the Conditions in Section 9 have not been fulfilled and UCW has not declared the Offer (or it has not become) free from those Conditions, all Takeover Contracts will be automatically void.

8.16 Trustees and Nominees

Beneficial owners whose RedHill Shares are registered in the name of a broker, investment dealer, bank, trust company or other nominee should contact that nominee for assistance in accepting this Offer.

If you are a trustee or nominee for several persons in respect of separate parcels of RedHill Shares, section 653B of the Corporations Act deems an Offer to have been made to you in respect of each separate parcel.

8.17 Parcels

If at any time during the Offer Period and before you accept this Offer, your RedHill Shares to which this Offer relates consist of two or more separate parcels for the purposes of section 653B of the Corporations Act, then in accordance with section 653B of the Corporations Act, this Offer will be deemed at that time to consist of separate corresponding offers made to you in relation to the respective separate parcels of RedHill Shares.

8.18 Notices

- a. Any notice or other communication to be given by UCW to you under this Offer will be deemed to be duly given if it is in writing and is signed or purports to be signed (whether in manuscript, printed or reproduced in any form) on behalf of UCW by any of its Directors or its company secretary and is delivered to or sent by post in a pre-paid envelope to your address as recorded in the register of members of RedHill.
- b. Any notice or other communication to be given by you to UCW in connection with this Offer will be deemed to be duly given if it is in writing and is sent by post to UCW's registered office.

CONDITIONS OF THE OFFER

9. CONDITIONS OF THE OFFER

9.1 Conditions

Subject to Section 9.2, the Offer and any Takeover Contract are each conditional on the following (to the extent the relevant matter is not within the sole control of, or as a direct result of action by, UCW and/or its associates):

- a. **(90% minimum acceptance condition)**: that during, or at the end of the Offer Period, UCW acquires a Relevant Interest in at least 90% of the RedHill Shares on issue at that time;
- b. **(Shareholder approval condition)**: that UCW Shareholders pass, at a general meeting of UCW Shareholders to be held before the Offer closes, a resolution under ASX Listing Rule 7.1 authorising UCW to issue the Offer Consideration in accordance with the terms of the Offer set out in this Bidder's Statement¹⁹.
- c. **(significant transactions)**: that during the period from the date of this Bidder's Statement to the end of the Offer Period, other than in the ordinary course of business, neither RedHill nor a company in the RedHill Group:
 - i. acquires or agrees to acquire a substantial business, asset or undertaking or is subjected to a substantial new liability;
 - ii. disposes of or agrees to dispose of a substantial business, asset or undertaking;
 - iii. enters into any substantial contract in relation to the operation or maintenance of its assets;
 - iv. engages or agrees to engage any new personnel or agrees to materially increase the existing remuneration packages of personnel; or
 - v. terminates or makes any material change to the terms of employment of any employee, consultant or agent,

in each case, without the prior written consent of UCW;

- d. **(superior offer)** that between the date of this Bidder's Statement and the end of the Offer Period, no bidder's statement detailing a superior offer by a third party for RedHill Shares is despatched to any holders of RedHill Shares, and no announcement of a superior bid is made by a third party;
- e. **(material adverse regulatory action - corporate)**: that no Government Agency takes any action that restrains or prohibits the Offer or the acquisition of shares by UCW or commences or threatens to commence proceedings to do so or seeks to require the divestment by UCW of shares or assets of RedHill or any of its subsidiaries;
- f. **(material adverse regulatory action - education)**: that no Government Agency (including ASQA and TEQSA) takes any action that varies, restrains or prohibits RedHill's business activities in any material manner;
- g. **(prescribed occurrences)** that none of the events set out in section 652C(1) or (2) of the Corporations Act occurs in relation to RedHill during the period from the date of this Bidder's Statement to the end of the Offer Period.

Each Condition constitutes and will be construed as a separate, several and distinct condition.

9.2 Effect of Non-Fulfilment of Conditions

- a. The Conditions are conditions subsequent to the Takeover Contract. The non-fulfilment of such conditions subsequent does not prevent a Takeover Contract to sell your RedHill Shares to UCW being formed as a result of you accepting the Offer, but entitles UCW, by written notice to you, to rescind the Takeover Contract resulting from your acceptance of the Offer.
- b. If, at the end of the Offer Period:

¹⁹ Please see section 6.3 of the Bidder's Statement for further information

CONDITIONS OF THE OFFER

- i. any of the Conditions is not fulfilled; and
- ii. UCW has not declared the Offer and the Takeover Contracts free from Conditions at least seven days before the end of the Offer Period,

the Takeover Contracts will be automatically void.

- c. Subject to the Corporations Act, until the end of the Offer Period, UCW alone is entitled to the benefit of the Conditions or to rely on any non-fulfilment of any of those Conditions.

9.3 Waiver of defeating conditions

Subject to section 650F of the Corporations Act, UCW may declare the Offer free from all or any of the Conditions generally or in relation to any specific occurrence by giving notice in writing to RedHill not less than seven days before the end of the Offer Period. In the case of the Conditions contained in Section 9.1(e), UCW may declare the Offers free of those Conditions at any time within 3 Business Days after the end of the Offer Period.

9.4 Status of defeating conditions

UCW will give notice to RedHill on the status of the Conditions not later than seven days before the end of the Offer Period, being 22 January 2021 as required by section 630(1) of the Corporations Act. If UCW extends the Offer Period by a particular period, the date for giving the notice will be postponed for an equivalent period in accordance with section 630(2) of the Corporations Act.

RISK FACTORS

12. RISK FACTORS

12.1 Risk factors associated with owning UCW Shares

If the Offer becomes unconditional, RedHill Shareholders who accept the Offer (other than Foreign Shareholders) will become shareholders in UCW. In that event, RedHill Shareholders will:

- a. continue to be indirectly exposed to the risks associated with having an interest in RedHill's assets and general economic, share market and industry risks;
- b. potentially become exposed to additional risks, through their holding of UCW Shares which are specific to UCW and its current operations; and
- c. potentially become exposed to additional risks relating to the Offer.

The financial performance and operation of UCW's business and the price of UCW Shares will be influenced by a range of factors. Some of these factors can be mitigated by the use of safeguards and appropriate commercial action. However, many of these factors are beyond the control of UCW and the UCW Board.
